QHF AIM STATEMENT

Architectural Industrial Maintenance

Select Primers, Topcoats and Additives are compliant with the National AIM Rule, Federal Register 40 CFR Part 59.

Many of our products are also compliant with local area rules, however, QHF does not follow nor track all local area rules, but relies on its users within those local areas to know, understand and follow those rules that apply. Call QHF at 800-421-7961 with any questions about the use of our products in your locale.

Select Primers, Topcoats and Additives are compliant with SCAQMD Rule 1113, referencing Architectural Coatings, but QHF is not registered with SCAQMD under rule 314. Therefore, QHF and our distributors do not market or sell products into the SCAQMD for AIM Architectural Industrial Maintenance applications.

As the User, you must determine whether the products we offer are compliant for AIM Architectural Industrial Maintenance application in your area.
