Q-SOLV™ CD4414™ SPECIALTY PLASTIC CLEANER

Q-SOLV CD™ CD4414™ Specialty Plastic Cleaner is specifically formulated to remove petroleum and water based contaminants from ABS, difficult to clean plastic substrates and existing finishes. It's imperative to surface clean and remove static electricity before applying any coating. Proper surface preparation and surface cleaning assures long term coating adhesion and durability.

QHF **Environmentally Friendly** Product.

APPLICATION:

1.

Safety:
Use only NIOSH approved respirators and personal protection equipment recommended for the product used.

Always review the MSDS – Material Safety Data Sheets before use.

2. **Recommended Plastic Surfaces:**

ABS
Difficult to Clean Plastic Substrates
Existing Finishes

3.

Surface Cleaning:

Clean the areas to be coated utilizing a clean chamois and **Q-SOLV™ CD 4414™ Specialty Plastic Cleaner** prior to applying any coating.

NOTE: It's very important to remove all contaminants and static electricity before applying any coating.

Always test surface preparation, primer and topcoat compatibility to determine acceptability before any production run.
